FORWARD-LOOKING STATEMENTS

Certain statements contained herein, as well as in other filings we make with the SEC and other written and oral information we release, regarding our future performance constitute "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements may relate to, among other things, the impact of the COVID-19 pandemic and the related recovery on our business, results of operations, cash flows and financial condition (which, among other things, may affect many of the items listed below); the demand for our products and services; net sales growth; comparable sales; effects of competition; our brand and reputation; implementation of store, interconnected retail, supply chain and technology initiatives; inventory and in-stock positions; state of the economy; state of the housing and home improvement markets; state of the credit markets, including mortgages, home equity loans, and consumer credit; impact of tariffs; issues related to the payment methods we accept; demand for credit offerings; management of relationships with our associates, suppliers and service providers; international trade disputes, natural disasters, public health issues (including pandemics and quarantines, related shut-downs and other governmental orders, and similar restrictions, as well as subsequent re-openings), and other business interruptions that could disrupt supply or delivery of, or demand for, the Company's products or services; continuation or suspension of share repurchases; net earnings performance; earnings per share; dividend targets; capital allocation and expenditures; liquidity; return on invested capital; expense leverage; stock-based compensation expense; commodity price inflation and deflation; the ability to issue debt on terms and at rates acceptable to us; the impact and expected outcome of investigations, inquiries, claims, and litigation, including compliance with related settlements; the effect of accounting charges; the effect of adopting certain accounting standards; the impact of regulatory changes, including changes to tax laws and regulations; store openings and closures; financial outlook; and the impact of acquired companies, including HD Supply, on our organization and the ability to recognize the anticipated benefits of those acquisitions.

Forward-looking statements are based on currently available information and our current assumptions, expectations and projections about future events. You should not rely on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties – many of which are beyond our control, dependent on the actions of third parties, or currently unknown to us – as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. These risks and uncertainties include, but are not limited to, those described in Part II, Item 1A, "Risk Factors" and elsewhere in this report and as also may be described from time to time in future reports we file with the SEC. You should read such information in conjunction with our consolidated financial statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report. There also may be other factors that we cannot anticipate or that are not described in this report, generally because we do not currently perceive them to be material. Such factors could cause results to differ materially from our expectations.

Forward-looking statements speak only as of the date they are made, and we do not undertake to update these statements other than as required by law. You are advised, however, to review any further disclosures we make on related subjects in our periodic filings with the SEC and in our other public statements.

THE HOME DEPOT, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements of The Home Depot, Inc. and its subsidiaries (the "Company," "Home Depot," "we," "our" or "us") have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results of operations for interim periods are not necessarily indicative of results for the entire year. As a result, these consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our 2020 Form 10-K.

There were no significant changes to our significant accounting policies as disclosed in the 2020 Form 10-K.

Recently Adopted Accounting Pronouncements

ASU No. 2019-12. In December 2019, the FASB issued ASU No. 2019-12, "Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes," as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards while maintaining or improving the usefulness of the information provided to users of financial statements. Amendments include removal of certain exceptions to the general principles of Topic 740, "Income Taxes," and simplification in several other areas. On February 1, 2021, we adopted ASU No. 2019-12 with no material impact to our consolidated financial condition, results of operations or cash flows.

Recently Issued Accounting Pronouncements

Recent accounting pronouncements pending adoption not discussed above or in the 2020 Form 10-K are either not applicable or will not have or are not expected to have a material impact on our consolidated financial condition, results of operations or cash flows.

2. NET SALES

Net Sales

No sales to an individual customer accounted for more than 10% of our net sales during the three months ended May 2, 2021 or May 3, 2020. The following table presents net sales, classified by geography:

<i>in millions</i>	Three Months Ended	
	May 2, 2021	May 3, 2020
Net sales – in the U.S.	\$ 34,717	\$ 26,418
Net sales – outside the U.S.	2,783	1,842
Net sales	<u>\$ 37,500</u>	<u>\$ 28,260</u>

The following table presents net sales by products and services:

Net sales – services	1,229	955
Net sales	<u>\$ 37,500</u>	<u>\$ 28,260</u>

The following table presents major product lines and the related merchandising departments (and related services):

Major Product Line	Merchandising Departments
Building Materials	Building Materials, Electrical/Lighting, Lumber, Millwork, and Plumbing
Décor	Appliances, Décor/Storage, Flooring, Kitchen and Bath, and Paint
Hardlines	Hardware, Indoor Garden, Outdoor Garden, and Tools

The following table presents net sales by major product lines (and related services):

<i>in millions</i>	Three Months Ended	
	May 2, 2021	May 3, 2020
Building Materials	\$ 13,660	\$ 9,816
Décor	11,882	9,306
Hardlines	11,958	9,138
Net sales	<u>\$ 37,500</u>	<u>\$ 28,260</u>

Deferred Revenue

For product and services sold in stores or online, payment is typically due at the point of sale. When we receive payment from customers before the customer has taken possession of the merchandise or the service has been performed, the amount received is recorded as deferred revenue until the sale or service is complete. Such performance obligations are part of contracts with expected original durations of three months or less. As of May 2, 2021 and January 31, 2021, deferred revenue for products and services was \$2.5 billion and \$1.9 billion, respectively.

We further record deferred revenue for the sale of gift cards and recognize the associated revenue upon the redemption of those gift cards in net sales, which generally occurs within six months of gift card issuance. As of May 2, 2021 and January 31, 2021, our performance obligations for unredeemed gift cards were \$793 million and \$839 million, respectively. Gift card breakage income, which is our estimate of the portion of our gift card balance not expected to be redeemed, was immaterial during the three months ended May 2, 2021 and May 3, 2020.

3. PROPERTY AND LEASES

Net Property and Equipment

Net property and equipment includes accumulated depreciation and amortization of \$24.7 billion as of May 2, 2021 and \$24.1 billion as of January 31, 2021.

Leases

The following table presents the consolidated balance sheet location of assets and liabilities related to operating and finance leases:

Cash dividends per share	\$ 1.65	\$ 1.50

Share Repurchases

In February 2019, our Board of Directors authorized \$15.0 billion in share repurchases, of which approximately \$3.7 billion remained available as of May 2, 2021. In May 2021, our Board of Directors approved a \$20.0 billion share repurchase authorization that replaced the February 2019 authorization. This new authorization does not have a prescribed expiration date.

In March 2020, we suspended our share repurchases to enhance our liquidity position during the COVID-19 pandemic. We resumed share repurchases in the first quarter of fiscal 2021 and repurchased 13 million shares of our common stock for \$4.0 billion through open market purchases. In the first quarter of fiscal 2020, we repurchased 3 million shares of our common stock for \$597 million through open market purchases prior to the suspension of share repurchases. These amounts may differ from the repurchases of common stock amounts in the consolidated statements of cash flows due to unsettled share repurchases at the end of a period.

5. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following table presents the assets and liabilities that are measured at fair value on a recurring basis:

<i>in millions</i>	Fair Value at May 2, 2021 Using			Fair Value at January 31, 2021 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Derivative agreements – assets	\$ —	\$ 117	\$ —	\$ —	\$ 172	\$ —
Derivative agreements – liabilities	—	(200)	—	—	(71)	—
Total	\$ —	\$ (83)	\$ —	\$ —	\$ 101	\$ —

The fair values of our derivative instruments are determined using an income approach and Level 2 inputs, which include the respective interest rate and foreign currency forward curves and discount rates.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Long-lived assets, goodwill, and other intangible assets are subject to nonrecurring fair value measurement for the assessment of impairment. We did not have any material assets or liabilities that were measured at fair value on a nonrecurring basis as of May 2, 2021 or January 31, 2021.

Other Fair Value Disclosures

The carrying amounts of cash and cash equivalents, receivables, and accounts payable approximate fair value due to the short-term maturities of these financial instruments.

The following table presents the aggregate fair values and carrying values of our senior notes:

<i>in millions</i>	May 2, 2021		January 31, 2021	
	Fair Value (Level 1)	Carrying Value	Fair Value (Level 1)	Carrying Value
Senior notes	\$ 37,864	\$ 32,943	\$ 41,289	\$ 34,472

6. WEIGHTED AVERAGE COMMON SHARES

The following table presents the reconciliation of our basic to diluted weighted average common shares:

<i>in millions</i>	Three Months Ended	
	May 2, 2021	May 3, 2020
Basic weighted average common shares	1,071	1,073
Effect of potentially dilutive securities	4	4
Diluted weighted average common shares	1,075	1,077
Anti-dilutive securities excluded from diluted weighted average common shares	—	—

7. COMMITMENTS AND CONTINGENCIES

We are involved in litigation arising in the normal course of business. In management's opinion, any such litigation is not expected to have a material adverse effect on our consolidated financial condition, results of operations or cash flows.

8. HD SUPPLY ACQUISITION

On December 24, 2020, we completed the acquisition of HD Supply for total purchase consideration of \$8.7 billion. HD Supply is a leading national distributor of MRO products in the multifamily and hospitality end markets. The acquisition was funded through cash on hand, a portion of which was replaced with the proceeds from our issuance of \$3.0 billion of senior notes in January 2021.

The acquisition was accounted for in accordance with Topic 805 "Business Combinations" and, accordingly, HD Supply's results of operations have been consolidated in the Company's financial statements since December 24, 2020, the date of acquisition. We recorded a preliminary allocation of the purchase price to assets acquired and liabilities assumed based on their estimated fair values as of December 24, 2020. There were no material adjustments to our preliminary purchase price allocation recognized during the first quarter of fiscal 2021. The final determination of the fair values and related income tax impacts will be completed as soon as practicable, and within the measurement period of up to one year from the acquisition date as permitted under GAAP.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors

The Home Depot, Inc.:

Results of Review of Interim Financial Information

We have reviewed the consolidated balance sheet of The Home Depot, Inc. and its subsidiaries (the “Company”) as of May 2, 2021, the related consolidated statements of earnings, comprehensive income, stockholders’ equity, and cash flows for the three-month periods ended May 2, 2021 and May 3, 2020 and the related notes (collectively, the “consolidated interim financial information”). Based on our reviews, we are not aware of any material modifications that should be made to the consolidated interim financial information for it to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”), the consolidated balance sheet of the Company as of January 31, 2021, and the related consolidated statements of earnings, comprehensive income, stockholders’ equity, and cash flows for the fiscal year then ended (not presented herein); and in our report dated March 24, 2021, we expressed an unqualified opinion on those consolidated financial statements. Our report referred to a change in the Company’s method of accounting for leases. In our opinion, the information set forth in the accompanying consolidated balance sheet as of January 31, 2021, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Basis for Review Results

This consolidated interim financial information is the responsibility of the Company’s management. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our reviews in accordance with the standards of the PCAOB. A review of consolidated interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Our MD&A includes the following sections:

- [Executive Summary](#)
- [Results of Operations and Non-GAAP Financial Measures](#)
- [Liquidity and Capital Resources](#)
- [Critical Accounting Policies](#)

Executive Summary

The following table presents quarter to date highlights of our financial performance:

<i>dollars in millions, except per share data</i>	Three Months Ended	
	May 2, 2021	May 3, 2020
Net sales	\$ 37,500	\$ 28,260
Net earnings	4,145	2,245
Diluted earnings per share	\$ 3.86	\$ 2.08
Net cash provided by operating activities	\$ 6,310	\$ 5,737
Proceeds from long-term debt, net of discounts and premiums	—	4,960
Repayments of long-term debt	1,390	27
Repurchases of common stock	3,788	791

We reported net sales of \$37.5 billion in the first quarter of fiscal 2021. Net earnings were \$4.1 billion, or \$3.86 per diluted share.

We opened one store in the U.S. and one store in Mexico during the first quarter of fiscal 2021, resulting in a total store count of 2,298 at the end of the quarter. As of May 2, 2021, a total of 310 of our stores, or 13.5%, were located in Canada and Mexico. For the first quarter of fiscal 2021, sales per retail square foot were \$605.60. Our inventory turnover ratio was 5.5 times, up from 5.0 times last year, driven by a significant increase in customer demand across our merchandising departments.

We generated \$6.3 billion of cash flow from operations during the first three months of fiscal 2021. This cash flow, together with cash on hand, was used to fund cash payments of \$3.8 billion for share repurchases after resuming share repurchases in the first quarter of fiscal 2021, pay \$1.8 billion of dividends, repay an aggregate of \$1.4 billion of long-term debt, and fund \$524 million in capital expenditures. In February 2021, we announced a 10% increase in our quarterly cash dividend to \$1.65 per share.

Our ROIC for the trailing twelve-month period was 45.1% at the end of the first quarter of fiscal 2021 and 40.8% at the end of the first quarter of fiscal 2020. See the "[Non-GAAP Financial Measures](#)" section below for our definition and calculation of ROIC, as well as a reconciliation of NOPAT, a non-GAAP financial measure, to net earnings (the most comparable GAAP financial measure).

Results of Operations and Non-GAAP Financial Measures

The tables and discussion below should be read in conjunction with our consolidated financial statements and related notes included in this report and in the 2020 Form 10-K and with our MD&A included in the 2020 Form 10-K. The following table presents the percentage relationship between net sales and major categories in our consolidated statements of earnings.

(1) Does not include results for HD Supply, which was acquired in December 2020.

(2) Does not include results for the legacy Interline Brands business.

(3) Average ticket represents the average price paid per transaction and is used by management to monitor the performance of the Company, as it represents a primary driver in measuring sales performance.

(4) Sales per retail square foot represents annualized sales divided by retail store square footage. Sales per retail square foot is a measure of the efficiency of sales based on the total square footage of our stores and is used by management to monitor the performance of the Company as an indicator of the productivity of owned and leased square footage for retail operations.

Sales. We assess our sales performance by evaluating both net sales and comparable sales.

Net Sales. Net sales for the first quarter of fiscal 2021 increased 32.7% to \$37.5 billion from \$28.3 billion for the first quarter of fiscal 2020. The increase in net sales for the first quarter of fiscal 2021 primarily reflected the impact of

positive comparable sales driven by an increase in comparable customer transactions and comparable average ticket. The first quarter of fiscal 2020 included an adverse impact to sales during the second half of the quarter due to the restrictions we put in place in the first quarter of fiscal 2020 to prioritize the safety of our customers and associates in response to the COVID-19 pandemic. We reduced store hours, limited customer traffic in stores, canceled certain spring events, and restricted sales and installation of in-home services deemed non-essential, all of which negatively impacted our sales during the first quarter of fiscal 2020. Online sales, which consist of sales generated online through our websites for products picked up at our stores or delivered to customer locations, represented 14.3% of net sales and grew by 27.1% during the first quarter of fiscal 2021 compared to the first quarter of fiscal 2020. The increase in online sales for the first quarter of fiscal 2021 was driven by customers continuing to leverage our digital platforms for their shopping needs. A weaker U.S. dollar positively impacted sales growth by \$157 million in the first quarter of fiscal 2021.

Comparable Sales. Comparable sales is a measure that highlights the performance of our existing locations and websites by measuring the change in net sales for a period over the comparable prior-period of equivalent length. Comparable sales includes sales at all locations, physical and online, open greater than 52 weeks (including remodels and relocations) and excludes permanently closed stores. Retail stores become comparable on the Monday following their 52nd week of operation. Acquisitions are typically included in comparable sales after they have been owned for more than 52 weeks. Comparable sales is intended only as supplemental information and is not a substitute for net sales presented in accordance with GAAP.

Total comparable sales increased 31.0% for the first quarter of fiscal 2021, reflecting a 10.3% increase in comparable average ticket and a 19.1% increase in comparable customer transactions compared to the first quarter of fiscal 2020. The increase in comparable sales reflected a number of factors, including increased consumer demand across our core categories and the execution of our strategic efforts to drive an enhanced interconnected shopping experience in both the physical and digital worlds. The increase in comparable customer transactions was driven by strong customer traffic both physically and digitally. The increase in comparable average ticket was primarily driven by elevated project demand, commodity price inflation largely from lumber, and stronger demand for new and innovative products.

All of our merchandising departments posted positive comparable sales in the first quarter of fiscal 2021 with 13 of 14 departments posting comparable sales at or above 20%, led by Lumber and Kitchen and Bath.

Gross Profit. Gross profit for the first quarter of fiscal 2021 increased 32.4% to \$12.7 billion from \$9.6 billion for the first quarter of fiscal 2020. Gross profit as a percentage of net sales, or gross profit margin, was 34.0% for the first quarter of fiscal 2021 compared to 34.1% for the first quarter of fiscal 2020. The decrease in gross profit margin was primarily driven by pressure from mix of product sold, offset by the benefit from lower promotional markdowns as a result of the strong demand environment during the first quarter of fiscal 2021.

Operating Expenses. Our operating expenses are composed of SG&A and depreciation and amortization.

Selling, General & Administrative. SG&A for the first quarter of fiscal 2021 increased 9.3% to \$6.4 billion from \$5.8 billion for the first quarter of fiscal 2020. As a percentage of net sales, SG&A was 17.0% for the first quarter of fiscal 2021 compared to 20.6% for the first quarter of fiscal 2020. The decrease in SG&A as a percentage of net sales was primarily driven by leverage resulting from a positive comparable sales environment and cycling several COVID-19 related expenses that we incurred during the first quarter of fiscal 2020, including \$848 million of additional expense related to expanded benefits to support our associates. Total COVID-19 related expenses, including additional expense related to expanded benefits and operational expenses, were \$78 million for the first quarter of fiscal 2021 compared to \$864 million for the first quarter of fiscal 2020. This operating expense leverage was partially offset by an increase in hourly payroll-related costs resulting from the increased demand environment throughout the first quarter of fiscal 2021, as well as higher accrued bonus expense, primarily related to the impact of our outperformance on our store success sharing program and store and field-based management bonuses.

Depreciation and Amortization. Depreciation and amortization increased 12.9% to \$587 million for the first quarter of fiscal 2021 from \$520 million for the first quarter of fiscal 2020. As a percentage of net sales, depreciation and amortization was 1.6% for the first quarter of fiscal 2021 compared to 1.8% for the first quarter of fiscal 2020. The decrease in depreciation and amortization as a percentage of net sales primarily reflected leverage resulting from a positive comparable sales environment.

Interest and Other, net. Interest and other, net, was \$333 million for the first quarter of fiscal 2021 compared to \$307 million for the first quarter of fiscal 2020. Interest and other, net, as a percentage of net sales was 0.9% for the first quarter of fiscal 2021 compared to 1.1% for the first quarter of fiscal 2020. The decrease in interest and other, net, as a percentage of net sales primarily reflected leverage resulting from a positive comparable sales environment offset by higher interest expense resulting from higher debt balances.

Provision for Income Taxes. Our combined effective income tax rate was 23.9% for the first quarter of fiscal 2021 compared to 24.4% for the first quarter of fiscal 2020.

Diluted Earnings per Share. Diluted earnings per share were \$3.86 for the first quarter of fiscal 2021 compared to \$2.08 for the first quarter of fiscal 2020. The increase in diluted earnings per share for the first quarter of fiscal 2021 reflected the impact of a positive comparable sales environment along with disciplined expense control.

Non-GAAP Financial Measures

To provide clarity about our operating performance, we supplement our reporting with certain non-GAAP financial measures. However, this supplemental information should not be considered in isolation or as a substitute for the related GAAP measures. Non-GAAP financial measures presented herein may differ from similar measures used by other companies.

Return on Invested Capital. We believe ROIC is meaningful for investors and management because it measures how effectively we deploy our capital base. We define ROIC as NOPAT, a non-GAAP financial measure, for the most recent twelve-month period, divided by average debt and equity. We define average debt and equity as the average of beginning and ending long-term debt (including current installments) and equity for the most recent twelve-month period.

The following table presents the calculation of ROIC, together with a reconciliation of NOPAT to net earnings (the most comparable GAAP measure):

<i>dollars in millions</i>	Twelve Months Ended	
	May 2, 2021	May 3, 2020
Net earnings	\$ 14,766	\$ 10,974
Interest and other, net	1,326	1,162
Provision for income taxes	4,691	3,386
Operating income	20,783	15,522
Income tax adjustment ⁽¹⁾	(5,012)	(3,689)
NOPAT	<u>\$ 15,771</u>	<u>\$ 11,833</u>
Average debt and equity	\$ 34,970	\$ 29,038
ROIC	45.1 %	40.8 %

(1) Income tax adjustment is defined as operating income multiplied by our effective tax rate for the trailing twelve months.

Additional Information

For information on accounting pronouncements that have impacted or are expected to materially impact our consolidated financial condition, results of operations or cash flows, see [Note 1](#) to our consolidated financial statements.

Liquidity and Capital Resources

Cash and Cash Equivalents

At May 2, 2021, we had \$6.6 billion in cash and cash equivalents, of which \$747 million was held by our foreign subsidiaries. We believe that our current cash position, access to the long-term debt capital markets, cash flow generated from operations, and funds available from our commercial paper programs should be sufficient not only for our operating requirements but also to enable us to complete our capital expenditure programs, fund dividend payments, fund any share repurchases, and make any required long-term debt payments through the next several fiscal years. We may also maintain an elevated cash position during fiscal 2021 as circumstances warrant. In addition, we believe that we have the ability to obtain alternative sources of financing, if necessary.

For fiscal 2021, we will continue to follow our disciplined approach to capital allocation, and we currently estimate capital expenditures of approximately two percent of net sales on an annual basis. However, we may adjust our capital expenditures to support the operations of the business or in response to the economic environment, as necessary or appropriate.

Debt and Derivative Instruments

We have commercial paper programs that allow for borrowings of up to \$3.0 billion. All of our short-term borrowings in the first three months of fiscal 2021 were under these commercial paper programs, and the maximum amount outstanding at any time was \$11 million. In connection with these programs, we have back-up credit facilities with a consortium of banks for borrowings up to \$3.0 billion, which consist of a five-year \$2.0 billion credit facility scheduled to expire in December 2023 and a 364-day \$1.0 billion credit facility scheduled to expire in December 2021. At May 2, 2021, we were in compliance with all of the covenants contained in the credit facilities, none of which are expected to impact our liquidity or capital resources. At May 2, 2021 and January 31, 2021, there were no outstanding borrowings under our commercial paper programs. We may enter into additional credit facilities or other debt financing.

We also issue senior notes from time to time as part of our capital management strategy. In March 2021, we fully repaid our \$1.35 billion 2.00% senior notes that had a maturity date of April 2021.

We use derivative and nonderivative instruments as part of our normal business operations in the management of our exposure to fluctuations in foreign currency exchange rates and interest rates on certain long-term debt.

Share Repurchases

In February 2019, our Board of Directors authorized \$15.0 billion in share repurchases, of which approximately \$3.7 billion remained available as of May 2, 2021. In May 2021, our Board of Directors approved a \$20.0 billion share repurchase authorization that replaced the February 2019 authorization. This new authorization does not have a prescribed expiration date.

In March 2020, we suspended our share repurchases to enhance our liquidity position during the COVID-19 pandemic. We resumed share repurchases in the first quarter of fiscal 2021, the amount and continuation of which will be influenced by the evolving economic environment as well as business conditions. In the first three months of fiscal 2021, we had cash payments of \$3.8 billion for repurchases of our common stock through open market purchases.

Cash Flows Summary

Operating Activities. Cash flow generated from operations provides us with a significant source of liquidity. Our operating cash flows result primarily from cash received from our customers, offset by cash payments we make for products and services, associate compensation, operations, and occupancy costs.

Cash provided by or used in operating activities is also subject to changes in working capital. Working capital at any point in time is subject to many variables, including seasonality, inventory management and category expansion, the timing of cash receipts and payments, vendor payment terms, and fluctuations in foreign exchange rates.

Net cash provided by operating activities increased by \$573 million in the first three months of fiscal 2021 compared to the first three months of fiscal 2020 and was primarily driven by an increase in net earnings, partially offset by changes in working capital. Working capital was impacted by timing of vendor payments, along with higher merchandise inventories to continue to support increased demand.

Investing Activities. Cash used in investing activities decreased by \$50 million in the first three months of fiscal 2021 compared to the first three months of fiscal 2020, primarily as a result of capital expenditures of \$524 million during the first three months of fiscal 2021 compared to \$586 million of capital expenditures in the first three months of fiscal 2020.

Financing Activities. Cash used in financing activities in the first three months of fiscal 2021 primarily reflected \$3.8 billion of share repurchases, \$1.8 billion of cash dividends paid, and \$1.4 billion of repayments of long-term debt.

Cash provided by financing activities in the first three months of fiscal 2020 primarily reflected \$5.0 billion of net proceeds from long-term debt, partially offset by \$1.6 billion of cash dividends paid, \$974 million of net repayments of short-term debt, and \$791 million of share repurchases prior to our suspension of share repurchases in March 2020.

Critical Accounting Policies

There were no changes during the first three months of fiscal 2021 to our critical accounting policies as disclosed in the 2020 Form 10-K. Our significant accounting policies are disclosed in [Note 1](#) to our consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Our exposure to market risk results primarily from fluctuations in interest rates in connection with our long-term debt portfolio. We are also exposed to risks from foreign currency exchange rate fluctuations on the translation of our foreign operations into U.S. dollars and on the purchase of goods by these foreign operations that are not denominated in their local currencies. Additionally, we may experience inflation and deflation related to our purchase of certain commodity products. There have been no material changes to our exposure to market risks, including the instruments we use to manage our exposure to such risks, from those disclosed in the 2020 Form 10-K.

Item 4. Controls and Procedures.

Under the direction and with the participation of our Chief Executive Officer and Chief Financial Officer, we evaluated our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) and concluded that our disclosure controls and procedures were effective as of May 2, 2021.

We are in the process of an ongoing business transformation initiative, which began in fiscal 2020 and includes upgrading and migrating certain accounting and finance systems in the U.S. We plan to continue to migrate additional business processes over the course of the next few years and have modified and will continue to modify the design and implementation of certain internal control processes as the integration continues.

Except as described above, there were no other changes in our internal control over financial reporting during the fiscal quarter ended May 2, 2021 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the factors discussed under Item 1A, "Risk Factors" and elsewhere in the 2020 Form 10-K. These risks and uncertainties could materially and adversely affect our business, consolidated financial condition, results of operations, or cash flows. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently do not consider material to our business. There have been no material changes in the risk factors discussed in the 2020 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Issuer Purchases of Equity Securities

The following table presents the number and average price of shares purchased in each fiscal month of the first quarter of fiscal 2021:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Shares Purchased as Part of Publicly Announced Program ⁽²⁾	Dollar Value of Shares that May Yet Be Purchased Under the Program ⁽²⁾
February 1, 2021 – February 28, 2021	430,892	\$ 258.37	413,567	\$ 7,573,513,992
March 1, 2021 – March 28, 2021	5,204,927	279.44	4,853,527	6,223,078,977
March 29, 2021 – May 2, 2021	7,997,867	317.98	7,996,335	3,680,368,511
Total	<u>13,633,686</u>	301.39	<u>13,263,429</u>	

(1) These amounts include repurchases pursuant to our Amended and Restated 2005 Omnibus Stock Incentive Plan and our 1997 Omnibus Stock Incentive Plan (collectively, the "Plans"). Under the Plans, participants may surrender shares as payment of applicable tax withholding on the vesting of restricted stock. Participants in the Plans may also exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) In February 2019, our Board of Directors authorized \$15.0 billion in share repurchases that replaced the previous authorization, of which \$3.7 billion remained available at the end of the first quarter of fiscal 2021. In May 2021, our Board of Directors authorized \$20.0 billion in share repurchases that replaced the February 2019 authorization. This new authorization does not have a prescribed expiration date.

Sales of Unregistered Securities

During the first quarter of fiscal 2021, we issued 443 deferred stock units under the Home Depot, Inc. Nonemployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(a)(2) of the Securities Act and Rule 506 of the SEC's Regulation D thereunder. The deferred stock units

were credited to the accounts of those non-employee directors who elected to receive all or a portion of board retainers in the form of deferred stock units instead of cash during the first quarter of fiscal 2021. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

During the first quarter of fiscal 2021, we credited 938 deferred stock units to participant accounts under the Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.
